

# MODERNIZE COMMUNICATIONS WORKSHOP

Showcase modern calling capabilities and build a plan to deploy and adopt Microsoft Teams Calling

## MICROSOFT TEAMS CALLING WITH PHONE SYSTEM

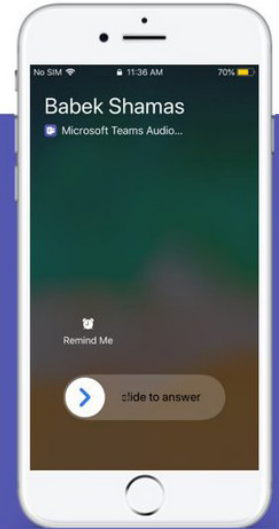

Now more than ever, businesses need a modern voice solution and phone system capabilities that combine unified communication and teamwork. Calling in Teams provides the features organizations need to deliver seamless, collaborative experiences for employees, business partners and customers. Because the implementation of calling solutions can be complex and involve network remediation, O365 service deployment, telephone number provisioning/porting and device deployment, customers need a partner like Interlink with this highly specialized skillset.

## MODERNIZE COMMUNICATIONS WORKSHOP

Introducing the Modernize Communications Workshop: A modular engagement to experience the vision for Microsoft Teams with Phone System capabilities and Advanced Communication scenarios. With extensive solution experience, Interlink will show you the power of Teams Calling for your specific environment. We will discuss the major configuration options, third-party add-ons, hardware options, and licensing scenarios and configurations.

*See who is calling you from Microsoft Teams on your mobile device*
